

**BEE BOX WORKSHOP/
2ND ANNUAL WHELAN CEMETERY WEEDING PARTY
JUNE 23, 2018**

10 AM to noon: Gerry Queener will instruct participants how to make homes for native bees. Participants will be limited to 15; a child, spouse, friend, etc. may accompany the participant to watch or help. There will be a \$5 charge for materials. Sign up by contacting Joan Folwell at rjfolwell@pullman.com or 509-332-3946. The workshop will be held at 1301 Kitzmiller Road, Pullman.

Noon to 1PM: Free lunch for all bee box builders and Whelan weeders. Enjoy more helpful conversation with Gerry and the beauty of the Palouse.

1 to 3PM: Participants should bring gardening gloves and a weeding fork, if possible. Drinks and snacks will be provided. You can help maintain a prime native prairie remnant that is within easy reach of Pullman and Moscow. Volunteers made a huge difference last year and had fun doing it. Whelan Cemetery is located about 3 miles east of the Whelan Road/Albion turnoff intersection on Whelan Road.

Participants are welcome to attend either the workshop or the weeding party or both.
